2016 Muscatine County Fair Travis Ehrecke – Fair President

Welcome to the 165th Annual
Muscatine County Fair
“History in the Making”

We have continued working this year on the Fairgrounds restoration project. Things we have completed: the Swine Pavilion, new roofs on the Kiddie Barnyard and X-Barn and the MidwestOne Fine Arts building. Please come and view all the upgrades... definitely an improvement!

This year's grandstand will bring back the crowd pleasers: Outlaw tractor pull, SandBurr rodeo, stock car races, demo derby and trailer races including a music act again on Friday night that will feature Jon Pardi and Buddy Brown.

On grounds entertainment will include many of your favorites including the Chris Short Marionettes, Charlie Stron Clown/Stilt Walker, LogHogger Chainsaw Artist and local entertainment in the grove. The midway will once again be filled with the rides and games from Sam's Amusements carnival.

Come check out our 4-H/FFA exhibitors making history throughout the grounds.

The county fair is the place to enjoy your favorite food, drink, show, and exhibit or to just meet up with old friends or make new ones.

The Fair Board and staff thank you for all your support and hope to see everyone at the 2016 Muscatine County Fair.

CODE OF SHOW RING ETHICS

As developed by I.A.F.E

Exhibitors of animals at all times deport themselves with honesty and good sportsmanship. Their conduct in the competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to junior as well as open class exhibitors who compete in structured classes of competition. This code applies to all livestock offered in any event at a livestock show. In addition to the "IAFE National Code of Show Ring Ethics", fairs and livestock show may have rules and regulations which they impose on the local, county, state, provincial and national levels.

All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers and absolutely responsible persons who violate the code of ethics will forfeit premiums, awards and auction proceeds and shall be prohibited from competition at all livestock shows in the United States and Canada.

The following is a list of guidelines for all exhibitors and all livestock in competitive events:

1. All exhibitors must present, upon request of fair and livestock show officials, proof of ownership, length of ownership and age of all animals entered. Misrepresentation of ownership, age or any facts relating thereto is prohibited.
2. Owners, exhibitors, fitters, trainers or absolutely responsible persons shall provide animal health certificates from licensed veterinarians upon request by fair or livestock show officials.
3. Junior exhibitors are expected to care for and groom their animals while at fairs or livestock shows.
4. Animals shall be presented to show events where they will enter the food chain free of violative drug residues. The act of entering an animal in a livestock show is the giving of consent by the owner, exhibitor, fitter, trainer and/or absolutely responsible person for show management to obtain any specimens of urine, saliva, blood or other substances from the animal to be used in testing. Animals not entered in an event which culminates with the animal entering the food chain shall not be administered drugs other than in accordance with applicable federal, state and provincial statutes, regulations and rules affect the animal's performance or appearance in the event.

If the laboratory report on the analysis of saliva, urine, blood or other sample taken from livestock indicates the presence of forbidden drugs or medications, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood or other substance tested by the laboratory to which it was sent is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden of the owner, exhibitor, fitter, trainer or absolutely responsible person to prove otherwise.

At any time after an animal arrives on the fair or livestock show premises, all treatments involving the use of drugs and/or medications for the sole purpose of protecting the health of the animal shall be administered by a licensed veterinarian.

5. Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant or similar substance) which could affect the animal's performance or alter its natural contour, confirmation or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.

6. The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance, or similar practices are not acceptable and are prohibited.

7. Direct criticism or interference with the judge, fair or livestock show management, other exhibitors, breed representatives, or show officials before, during or after the competitive event is prohibited. In the furtherance of their official duty, all judges, fair officials shall be treated with courtesy, cooperation and respect and no person shall direct abusive or threatening conduct toward them.

8. No owner, exhibitor, fitter, trainer or absolutely responsible person shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics. Violation of this rule shall subject such individual to disciplinary action.

9. The application of this code of ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter, trainer or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this code of ethics.

10. The act of entering an animal is the giving of consent by the owner, exhibitor, trainer, fitter or absolutely responsible person to have disciplinary action taken by the Fair or livestock show for violation of this Code of Show Ring Ethics and any other rules of competition of the fair or livestock show without recourse against the fair or livestock show. The act of entering an animal is the giving of consent that any proceedings or disciplinary action taken by the fair or livestock show may be published with the name of the violator or violators in any publication of the International Association of Fairs and Expositions, including Fairs and Expositions and any special notices to members.

11. The act of entering of an animal in a fair or livestock show is the giving of verification by the owner, exhibitor, fitter, trainer or absolutely responsible person that he or she has read the IAFE National Code of Show Ring Ethics and understands the consequences of and penalties provided for actions prohibited by the code. It is further a consent that any action, which contravenes these rules and is also in violation of federal, state or provincial statutes, regulations, or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.

GENERAL RULES

1. The purpose of this flower show is for the enjoyment and education of all who view the show as well as the exhibitors.
2. This division is open to amateurs only. A professional is defined as one who earns his livelihood from their skills.
3. All arrangement classes will be listed as to requirement for fresh flowers, dried flowers, or silk flowers. There

will be six classes that will specify list numbers for silk flowers.

4. Proper flag etiquette should be followed if the American Flag is used in an exhibit.
5. Exhibitors may enter **ONE** item per list number.
6. Specimens are to be exhibited in **clear** glass (or plastic) bottles or jars provided by exhibitors in Class 1. **(No vases). This will be strictly enforced this year. A jar or bottle is a container that originally had a screw on lid or cap. This keeps all exhibits on the same judging plane for the judges.** Specimens are judged on flower, leaves (when applicable) no leaves should be in the water. Wedging is encouraged to help specimen stand straight. To wedge, use a piece of Styrofoam or a packing peanut. No foil, handi-wrap or crisscross tape. Could possibly use tiny piece of wood. Wedging should be very unnoticeable. Fillers must not be used in bottom of container. A good idea is to have the stem of specimen touch the bottom of container, no matter its size. Consider the neck of container for specimen.
7. **The name(s) of the variety must be written on front or back of entry tag in classes 1, 2 & 3 to be eligible to be judged for a blue ribbon. This is to be done by the exhibitor on the tag, NOT on the entry form.**
8. Added foliage materials are permitted in all design classes (Classes 4,5,6,7,8,9 & 12).
9. Classes 10,11, & 12- Junior Show, are open to exhibitors 18 years of age and under and unmarried. In the Jr. Show, flowers should not be purchased.
10. Preliminary work on tables, niches, and mantels may be done 6-8 p.m., Wed, July 20.
11. Flowers in all arrangement classes may be replaced for freshness by the exhibitor. Superintendents may remove or exclude any exhibit or part thereof, which is unsightly.
12. If more than 8 per class, the class may be divided.
13. **NO NOXIOUS WEEDS MAY BE USED IN ANY ENTRY IN THIS DIVISION.**

PRIMARY NOXIOUS WEEDS

Quack grass, Perennial sow thistle, Canadian thistle, Bull thistle, Field bindweed, Rose nettle, Leafy spurge, Perennial peppergrass, Russian Knap weed, Buckhorn, and all other species of thistle belonging in genera of Cirsium and Carduus.

Rules for Classes 7 & 8

No tacks, nails, staples, tapes, or paints may be used in or on any of the niches and mantels. No adhesives.

We recommend.... Cut pieces of paneling, cardboard, insulation board, maybe even old barn boards; anything to put inside of your niche. This may cover only the back or could be trifold to cover 3 sides. This, then; can be covered with cloth, wallpaper, contact paper, paint; the options are really endless. When fair is over just pull your backdrop out ready for you to use over and over at many fairs to come.

Niches and mantels will be painted white, so you may choose to not use any covering or backdrop; especially in the mini niches.

Title: "Iowa: That's Where the Tall Corn Grows"

Colors: Yellow, Pink and Orange

A variety plants with the colors of yellow, pink and orange should be used to express the theme. The colors were chosen to represent the State bird: Yellow goldfinch, Pink for the state flower: wild prairie rose and Orange for the beautiful Iowa sunsets.

Fill a five gallon bucket to be used as decorations around the Fairgrounds after the judging. Use plants. Hint: fill bottom of bucket with pieces of broken Styrofoam, empty water bottles or pop cans upside down with potting soil on top. Be sure to have drainage holes in bucket. Do not water your bucket shortly before bringing them to the fairgrounds.
