

## **Farm Antiques**

We would like to offer you this opportunity to add to our popular display of old farm tools and equipment. These items give the “seasoned veterans” of the vocation a time to reminisce about the “good old days” and are a source of great interest to the younger fair goers. All smaller items are displayed in a building which is supervised during the day and locked at night.

**SMALL TOOLS** – Any small hand tools, toys, toy displays, lawnmowers, sickles, scythes, wrenches, hammers, etc.

**GAS ENGINES** – Water pumps, feed grinders, generators, wood saws, any small engine. People love to stop and see them run. A loader will be available to help with unloading and loading.

**TRACTORS** – gas, diesel or steam. Bring them for the fair parade and you can leave them in a building until they are displayed for the fair.
